

**BED BUG  
INSTRUCTIONS AND NOTICE**

Resident: \_\_\_\_\_

Apartment: \_\_\_\_\_

Your apartment is scheduled for pest control service on \_\_\_\_\_ at  
\_\_\_\_\_.

**PREPARING FOR BED BUG SERVICE:**

1. Remove all loose items from the floor & move all furniture & large items 24" away from the walls
2. Remove all bedding
3. Remove mattresses from bed frames and place them standing on edge
4. Remove all clothes from dresser drawers & place in plastic bags
5. Remove hanging pictures and stand them against the wall
6. Wash all bedding and clothing outside of the apartment building
7. Remove all wall plates for lights & plug-ins

**Tenants must prepare units as instructed**

**VACATE PREMISES FOR 4 HRS**

- 24 hours after returning you may vacuum.
- Excess dust may be removed with a dry cloth 15 hours after treatment
- One treatment should be enough. If you see bedbugs 3-5 days after treatment please save one in a plastic bag & call to have a technician inspect.
